#1 Love Letter

To Tina the love of my life,
I thought about how my life would be without you and it's scary.
Nobody to hold me at night, call me to just ask about my day,
but most all there would be nobody there to remind me why I Love You.

Happy Valentine's Day & Many More to Come,

#2 Love Letter

I Love you William

I will never find another love like you.
A lover that is not jealous, selfish or to demanding.
You are truly the meaning of understanding,
So I am planning a romantic night for two.
Bring something comfortable and be you.

XOXO

I want to spend the night with you,
Twist my body around yours,
